Tips on how to use this template

The grey area that surrounds the drawing side will be cropped and not printed. However, for a better end result it's better to use this area as it saves having to worry about being perfect.

Please bear in mind that at the top of the drawing side, our logo will be printed over the top of your image. If necessary, we may use a solid white background over the top of your image.

Details on the reverse of the bookmark will contain:

- Some information about The Book Depository, including our logo
- A Thames & Hudson logo and sponsorship message
- Your name, signature, favourite book and country you live in.
(Your submitted contact details will not be printed on the final bookmarks).

Please feel free to copy this as many times as you like for as many entries as you like.

You may also use any paper, paints, inks or materials you wish to create your design as long as the size you create is 50mm wide by 175mm tall.

You can even create a landscape version with the same dimensions.

Post entries, in an A4 envelope with correct postage paid to:

Bookmark Competition

The Book Depository
116 High Street
Eton
